

Join Us for Rat Lungworm Disease Support Group

A joint effort with Hilo Medical Center and Puna Community Medical Center.

Where: Keaau Community Center
16-186 Pili Mua St, Keaau, HI 96749

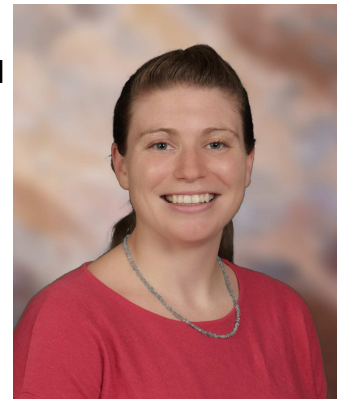

When: Every second Wednesday of the month 4:00-6:00 pm
(Sept. 12, Oct. 10, Nov. 14, Dec. 12)

Why: To gather and support survivors of Rat Lungworm Disease and their caregivers. Others welcome to attend include people who strongly suspect they had RLWD, and researchers and advocates advancing care and access to resources for survivors and their caregivers.

For more information, contact: Elena Cabatu, Director of Public Affairs,
ecabatu@hhsc.org at (808) 932-3160.

Upcoming Speakers

- **Wednesday, September 12:** Dr. Kristin Rajala, Director of Behavioral Health at the Hawaii Island Family Health Center and Behavioral Science Faculty at the Hawaii Island Family Medicine Residency.
- **Wednesday, October 10:** Members of the Governor's Taskforce on Rat Lungworm will present a set of evidence-based guidelines outlining the best practices for early diagnosis and management of neuroangiostrongyliasis.

Dr. Kristin Rajala
