3.5 PROPOSAL INFORMATION

Offerors are hereby notified that evidence of the authority of the person(s) signing the offer document is required to be included with the offer documents. Failure to comply with this requirement will be cause for rejection of an offer as being non-responsive.

Each Offeror is to submit its proposal with the required number of copies in the format as contained in this RFP. The material should be in sequence and related to the RFP. HHSC will not provide any reimbursement for the cost of developing or presenting proposals in response to this RFP. Failure to include the requested information may have a negative impact on the evaluation of the Offeror's proposal. The proposal should include at least the following information:

3.5.1. Experience and Expertise of the Firm and Key On-Site Personnel:

The Offeror's experience and past performance will be evaluated on the extent of its success in managing and integrating work relevant to that defined in the Scope of Work. Therefore, the Offeror is advised to submit any and all information which documents successful and reliable experience in past performances as related to this RFP.

References: References should be verifiable and be able to comment on the Offeror's construction and repair experience. The Offeror should submit, at a minimum, three (3) professional services references for similar projects completed over the last two (2) years that would demonstrate the Offeror possesses an understanding of and experience in providing the required service. As these references may be checked, ensure all information is current and accurate and that prior permission to use is obtained from each reference.

Quality of staff will be an area considered. The firm's clients' assessment of the quality of staff provided will be an element specifically sought after during reference verifications.

The Offeror may submit any other pertinent information that would substantiate that the firm and its key personnel possess the experience, expertise, and capability to provide the required services.

3.5.2 Proposed Method of Approach:

Proposals will be evaluated based on the Offeror's distinctive plan for providing the requested services. Since the evaluators have already read the Scope of Work for the services described, it is not necessary for the Offeror to repeat the exact language, or to present a paraphrased version, as an original idea for a technical approach.

The Offeror may utilize a written narrative or any other printed technique to demonstrate its ability to satisfy the Scope of Work. It is preferred that the Offeror provide a schedule for the work required. When appropriate, the narrative

should describe a logical progression of tasks and efforts starting with the initial steps or tasks to be accomplished and continuing until all proposed tasks are fully described. The language of the narrative should be straightforward and limited to facts, solutions to problems, and plans of proposed action. The usage of technical language should be minimized and used only when necessary to describe a technical process.

3.5.3 Project Schedule:

The Offer must submit a detailed Project Schedule which shows the various elements of the project. This schedule should show a breakdown in days or weeks of each phase of the construction project from mobilization to the final acceptance by the Owner. This Project Schedule will be an element considered in the evaluation of the Offeror's proposal and must be realistic and achievable. HHSC does seek to have this Project completed promptly and will insist on strict adherence to the timeline provided.

3.5.4 Cost:

The evaluation of the category of Cost shall be based on the prices, as indicated on the Pricing Schedule submitted with Offeror's proposal. In order to determine the maximum liability to the State of Hawaii, any percentage increases proposed for extension option periods shall be also included in the cost evaluation.

3.5.5 Additional Information:

The Offeror may submit any other pertinent information that would substantiate the Offeror has the experience, expertise, and capability to provide the required services.

3.6 INTENT TO PROVIDE CERTIFICATE OF INSURANCE

The Offeror should provide a statement that, if notified of contract award, it will submit to HHSC for review and acceptance the applicable certificate(s) of insurance as required within this RFP document, within five (5) business days of such notification.

3.7 EXCEPTIONS TO GENERAL CONDITIONS:

3.7.1 If an Offeror takes any exception to any term, condition or requirement included in this solicitation document, including the GENERAL CONDITIONS, such exception shall be submitted to the Contract Manager **at least seven (7) days prior to the due date and time for receipt of proposals.** This will allow the Contract Manager to review all exceptions and, if applicable, afford any approved exceptions to all other potential Offerors.

3.7.2 If an Offeror includes in its proposal exceptions that are not covered by Section 3.7.1 above and that are not approved in writing by the Contract Manager, such exceptions shall be null, void and without force and shall not be considered, and may negatively affect the proposal evaluation based on the published evaluation criteria or may result in rejection of the proposal.

3.7.3 To the extent they are inconsistent with the terms of this RFP, the Offeror's preprinted or standard terms will not be considered by HHSC as a part of any resulting Contract.

3.8 OFFEROR'S RESPONSIBILITY

The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the evaluation categories and that HHSC is under no obligation to solicit such information if it is not included with the Offeror's proposal. Failure of the Offeror to submit such information may have an adverse impact on the evaluation of the Offeror's proposal.

3.9 DISCUSSIONS

In accordance with East Hawaii Region Purchasing Policy, after the initial receipt of proposals, discussions, including a request for Contractor presentations, may be conducted with Offeror(s) who submit proposals determined to be reasonably susceptible of being selected for award. Award may be made without discussions; therefore, offers submitted should be complete and on the Offerors' most favorable terms.

3.10 NON-ACCEPTANCE OF "SCOPE OF WORK" REQUIREMENTS

If any requirement contained in the Scope of Work is not acceptable to the Offeror, provide detailed explanation of the reasons why, by attachment to the proposal. HHSC reserves the right to consider as acceptable only those proposals submitted in accordance with all requirements set forth in the Scope of Work.

4.2.5 For bids of \$25,000 or more, the Contractor shall comply with the following chapters of the Hawaii Revised Statutes (HRS): Chapter 237 HRS (general excise tax); Chapter 383 HRS (employment security - unemployment insurance); Chapter 386 HRS (workers compensation); Chapter 392 (temporary disability insurance); Chapter 393 HRS (pre-paid health care); and shall be incorporated or organized under the laws of the State, or be registered to do business in the State as a separate branch or division that is capable of fully performing under the contract. Contractor shall complete the CERTIFICATION OF COMPLIANCE form at the end of the PROPOSAL and submit it with their bid.

4.3 RECEIPT OF ADDENDA

Receipt of the following addenda issued by the HHSC is acknowledged by the date (s) of receipt indicated below:

Addendum No. 2 _____ Addendum No. 6 _____

Addendum No. 3 _____ Addendum No. 7 _____

Addendum No. 4 _____ Addendum No. 8 _____

It is understood that failure to receive any such addendum shall not relieve the Contractor from any obligation under this Proposal as submitted.

4.4 ALL JOINT CONTRACTORS OR SUBCONTRACTORS TO BE ENGAGED ON THIS PROJECT

The Contractor agrees the following is a complete listing of all joint contractors or subcontractors covered under Chapter 444 HRS, who will be engaged by the Contractor on this project to perform the required work indicated pursuant to East Hawaii Region Policy PUR 005. The Contractor certifies that it and its listed subcontractors or joint contractors together hold all licenses necessary to complete the Work, and understands that failure to comply with this requirement may be just cause for rejection of the bid.

‘A’ General Engineering Contractors and ‘B’ General Building Contractors are reminded that due to the Hawaii Supreme Court’s January 28, 2002 decision in *Okada Trucking Co., Ltd. v. Board of Water Supply, et al.*, 97 Haw. 450 (2002), they are prohibited from undertaking any work, solely or as part of a larger project, which would require the general contractor to act as a specialty contractor in any area in which the general contractor has no license. Although the ‘A’ and ‘B’ Contractor may still bid on and act as the “Prime Contractor” on an ‘A’ or ‘B’ project (*See, HRS § 444-7 for the definitions of an “A” and “B” project.*), respectively, the ‘A’ and ‘B’ contractor may only perform work in the areas in which they have the appropriate contractor’s license (*An ‘A’ or ‘B’ Contractor obtains ‘C’ specialty contractor’s licenses either on its own, or automatically under HAR § 16-77-32.*). The remaining work must be performed by appropriately licensed entities. It is the sole responsibility of the Contractor to review the requirements of this Project and determine the appropriate licenses that are required to complete the Project.

The Contractor shall provide the complete firm name, license number and nature and classification description by each joint contractor or subcontractor. For projects with Alternate(s), Contractors shall fill out the supplementary schedule and list the Joint Contractor or Subcontractor who will be engaged for the respective Alternate Work. Do not include any Joint Contractor or Subcontractor previously listed.

Contractors shall list only one joint contractor or subcontractor per required specialty contractor’s license.

All joint contractors or subcontractors are subject to HHSC’s approval, and HHSC shall have the right to refuse, in its discretion, any joint contractor or subcontractor named by

the Contractor. HHSC shall discuss any refusal of a joint contractor or subcontractor with the Contractor and shall assist the Contractor in naming a replacement acceptable to HHSC.

SECTION 5 EVALUATION

5.1 INTRODUCTION

The evaluation of proposals will be conducted comprehensively, fairly, and impartially. The evaluation will be made on the basis of experience, the Offeror's narrative discussion as to its methodology for meeting the requirements of the Scope of Work, the ability of the Offeror to best meet HHSC's specified requirements and the acceptability of the proposed pricing.

5.2 EVALUATION PHASES

Evaluation phases will be conducted as follows:

Phase 1.....Evaluation of Mandatory Requirements

Phase 2.....Technical Proposal Evaluation

Phase 3.....Cost Proposal Evaluation

Phase 4.....Best and Final Offers (**optional**)

Phase 5.....Recommendation for Contract Award

5.2.1 PHASE 1--EVALUATION OF MANDATORY REQUIREMENTS

The evaluation of the mandatory requirements, as listed below shall be upon a "pass/no pass" basis. The purpose of this phase is to determine whether an Offeror's proposal is sufficiently responsible and responsive to RFP requirements to permit a complete evaluation, i.e. responsible in terms of "Does the Offeror have the capability to perform fully the requirements of the Scope of Work" and responsive in terms of "Were proposal documents, as identified below, received and contain the required information?"

5.2.1.1 Failure to meet or submit any mandatory requirement ("no pass") with the original proposal may be grounds for deeming the proposal non-responsible, non-responsive or both and may disqualify the proposal.

Proposal "**Mandatory Requirements**":

Proposal Transmittal Cover Sheet (Appendix A)

Acceptance (or Notification of Clarifications) document (Appendix B)

Proposal in response to Solicitation

Pricing Schedule & Compensation (Section 4)

Proposal Submission Checklist

Standards of Conduct Declaration (Appendix E)

Certificate of Good Standing (Appendix F)

Certificate of Compliance (DLIR) (Appendix F)

5.2.2 PHASE 2--TECHNICAL PROPOSAL EVALUATION

Evaluation of Offeror’s technical proposal shall be conducted using the technical proposal categories as identified in Sections 3.5.1, 3.5.2, and 3.5.4; the value weight percentages identified in Section 5.3; and the evaluation scoring system identified in Section 5.4.

5.2.3 PHASE 3--COST PROPOSAL EVALUATION

Evaluation of the cost proposal shall be conducted using the cost proposal category identified in Sections 3.5.3 and 4, the value weight percentage identified in Section 5.3, and the evaluation scoring system identified in Section 5.4.

5.2.4 PHASE 4--SHORT LISTING OF OFFERORS (OPTIONAL)

After the ranking of Offerors based upon the technical and cost scoring, HMC may at its discretion, may create a short list of Offerors to continue further in the evaluation and award process.

5.2.5 PHASE 5--BEST AND FINAL OFFERS (OPTIONAL)

Offerors may be requested to submit a “Best and Final” offer. “Best and Final” offers shall be evaluated, and “scoring” of the Offerors’ proposals shall be adjusted accordingly. If a “Best and Final” offer is requested but not submitted, the Offeror’s previous submittal shall be construed as its “Best and Final” offer.

5.2.6 PHASE 6--RECOMMENDATION FOR CONTRACT AWARD

When required, the Evaluation Committee shall prepare a report summarizing proposal evaluation findings/rankings and provide recommendation for award of contract to the Regional Procurement Officer.

5.3 EVALUATION CATEGORIES AND VALUE

Mandatory Requirements	Pass/No Pass
Technical Proposal	<u>Value/Weight</u>
Experience and Expertise of the Firm & Key On-Site Personnel.....	30%
Proposed Method of Approach.....	20%
Project Schedule	25%
Cost Proposal.....	25%
Total.....	100%

5.4 EVALUATION SCORING SYSTEM

The maximum number of points available for scoring is one hundred (100). The proposal receiving the highest number of points is considered statistically the best proposal and most advantageous to HHSC and will be recommended for award of contract, unless otherwise determined and justified by the Evaluation Committee.

The evaluation categories are assigned a value, as determined by HHSC, totaling 100%. The Evaluation Committee will rate each category and arrive at a consensus score based on the percentage of value. The Offeror's total score (see note below) will be determined by adding the score of each category for their total overall score.

NOTE: In determining the total score, the Offeror's cost proposal with the lowest costs will receive the highest available rating allocated to costs (and will thus receive a score of 25 for the cost proposal category). Each proposal that has a higher cost than the lowest will have a lower rating for costs. The formula for determining the points for all except the lowest cost proposal is as follows:

[(Lowest price/price in Offeror's proposal) x 25 points = Offeror's points.]

SECTION 6
AWARD OF CONTRACT

6.1 AWARD OF CONTRACT

Award of contract shall be made to the most responsible and responsive Offeror whose proposal is judged/determined, by the HHSC's evaluation team, to provide the best value to HHSC, considering all evaluation reviews and results.

- 6.1.1 HHSC may award the contract to other than the highest ranked Offeror if the price submitted by the highest ranked Offeror is more than the not-to-exceed amount available for the project.

6.2 CONTRACT AWARD NOTIFICATION

An official "notice of award" letter (or email) will be provided to the successful Offeror, and a "notice of non-award" letter (or email) shall be provided to all unsuccessful Offerors.

6.3 CONTRACT DOCUMENT

The contract will be made up of this solicitation and the terms and conditions attached hereto and referenced herein. The contract will also include the successful Offeror's proposal, including all exhibits and amendments and the Offeror's Best and Final offer, if applicable. This document will serve as the official, legal contractual instrument between both parties. This document will incorporate (by attachments or reference) this RFP, with any and all addendums; the GENERAL CONDITIONS and the SPECIAL CONDITIONS (Appendix C); and the Offeror's accepted proposal, with any and all addendums, changes, negotiated agreements, etc.; all of which become part of the whole contract.

6.4 GENERAL AND SPECIAL CONDITIONS

The GENERAL CONDITIONS and SPECIAL CONDITIONS (Appendix C) attached hereto are applicable to and shall be considered part of the whole contract. HHSC reserves the right to add terms and conditions during contract negotiations, if conducted. Additional terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

Additionally, Offerors will need to obtain the following documents:

6.5 CERTIFICATIONS:

Pursuant to the East Hawaii Region Purchasing Policy, Offerors shall be required to provide proof of the following;

6.5.1 CERTIFICATE OF COMPLIANCE

The Offeror is required to obtain/possess a valid Certificate of Compliance from the Hawaii State Department of Labor and Industrial Relations (DLIR) prior to executing a contractual agreement with a State Agency. The certificate is valid

The application for the certificate is the responsibility of the Offeror and must be submitted directly to the DLIR and not to HHSC. The DLIR will return the form to the Offeror, who in turn shall submit the form to HHSC.

6.5.2 CERTIFICATE OF GOOD STANDING

HAWAII BUSINESS. A business entity referred to as a “Hawaii Business”, is registered and incorporated or organized under the laws of the State of Hawaii. As evidence of compliance, the Offeror shall obtain/possess a Certificate of Good Standing issued by the Department of Commerce and Consumer Affairs Business Registration Division (BREG). A “Hawaii Business” that is a sole proprietorship, however, is not required to register with the BREG, and therefore not required to submit the certificate. An Offeror’s designation of its status as sole proprietor and its business street address as indicated on the Proposal Transmittal Cover Sheet (Appendix A) will be used to confirm that the Offeror is a Hawaii Business.

COMPLIANT NON-HAWAII BUSINESS. A business entity referred to as a “Compliant Non-Hawaii Business” is not incorporated or organized under the laws of the State of Hawaii but is registered to do business in the State. As evidence of compliance, the Offeror shall obtain/possess a Certificate of Good Standing issued by the Department of Commerce and Consumer Affairs Business Registration Division (BREG).

Instructions for Hawaii Compliance Express

Hawaii Compliance Express (HCE)

Instead of filling out forms and manually applying for the certificates listed below at the various state agencies, this process allows businesses to register online through a simple wizard interface at:

<http://vendors.ehawaii.gov>

On the last line, click on “Create An Account” and once there, click on the circle and line marked:

No, I just want to get setup to use this service.

From this point, just fill in the blocks and follow the directions.

One simple interface covers all the forms with all the state agencies and partners. Easy to read instructions and context sensitive help make compliance safe, fast, and efficient. Using the Wizard will file with the Dept. of Taxation (to get your Taxpayer ID) and optionally with the Business Registrations Division of the DCCA. If you have or will have employees, the Wizard will also file with [Dept. of Labor and Industrial Relations](#).

Vendors that elect to use the new Hawaii Compliance Express services will be required to pay an annual fee of \$12.00.

Government procurement personnel will be provided with no-cost online access to the HCE system, allowing them to view and print the compliance status of registered vendors. Since the HCE process may require the disclosure of sensitive company information, access to view information on registered vendors will be restricted to the respective vendor and to registered authorized procurement personnel.

Vendors choosing not to participate in the program will be required to provide the paper certificates. This can be done by contacting the various state agencies below:
